Celebrating its 15th Anniversary!

ABOUT US

**eFlora of India is the best available
web resource on Indian Plants**

<https://efloraofindia.com>

**At present, this
unique website
displays a collection
of more than
4,00,000 digital
images of around
14000 plant species,
mostly from Indian
sub-continent.**

**It is an inspiring
story of one of the
greatest citizen
science efforts in
India.**
